

You are invited to attend an informative workshop

# DIAGNOSIS DEMENTIA: Now what?

After being diagnosed with dementia, many patients and families are left to determine for themselves what to do next.

This workshop will focus on some important next steps that will impact the course of care and quality of life for the patient and their family.

Presented by

**Len Lecci, PhD**

Professor of Psychology, UNCW

Director of Clinical Services for MARS Memory-Health Network

**Melanie Bunn, RN, MS**
