

Art & Music Caregiver Workshop

Saturday, January 19th
9:30-11:30am

Held at Edenton Street UMC

Join us for a time of caregiver respite to explore your creative side. Dawn Rozzo will share with us art projects which encourage a person socially and creatively, giving both caregivers and persons living with dementia an opportunity to activate joy.

Kacy Hall will also help us explore the power of music and how it can have a positive impact on persons living with dementia and their caregivers. Light refreshments will be served.

Seats limited: RSVP to khall@dementianc.org or call 919.832.3732.
