1:00 Check - In

1:30 - 4:30 Education

Join us to learn more about Alzheimer's disease and dementia. Discover the difference between the two, explore what is happening in the brain, and how to better connect with someone living with dementia. Melanie Bunn, MS, RN, Dementia Training Specialist with Dementia Alliance of North Carolina will answer your questions and explore how to help people with dementia and their caregivers. We will also explore "What's In Your To-Go Bag" and discuss how to be better prepared for an emergency when you are caring for someone with dementia. You will receive a Caregiver Emergency Readiness Guide and get the tools needed to be ready in any situation.
