

Dementia & Caregiver Symposium

TUESDAY
April 16, 2019

Join our interactive exhibits to learn more about the resources in your area!

During the symposium you will have the opportunity to participate in the Virtual Dementia Tour® (VDT) – a dementia simulation where you can experience the challenges someone with dementia might face. The VDT is a powerful sensitivity and awareness experience created for anyone seeking to understand the physical & mental challenges of those with dementia. It can be very emotionally moving.

VDT will be ongoing during all sessions and lunch. Sign up at morning check-in to participate.

Thank you to Spring Arbor for providing the VDT experience!
